Do you love helping dogs? Do you have dog experience? Have you helped homeless dogs without any hope? If you answered yes to either of these questions then we need your help. Currently our rescue has several fearful dogs who need quiet foster homes to learn to trust people again. We only ask that you have motivation to help change your foster dog's behavior with the support of a positive dog trainer we provide for you. Our fosters mean the world to us so you will have all the support needed to help change your foster dog from a fearful dog to a well balanced family friend.
